

## Sustainability & Environment Strategy 2022-2025

### G3 Gausdal Treindustrier

wish to be one of the leading companies involved in the wood industry in terms of sustainability and the environment.

We aim to achieve this by encouraging sustainable nature management, focusing on minimising negative environmental impact, and utilising resources in an economically and environmentally sound manner.

## **G3 Gausdal Treindustrier's**

objective is to promote sustainable management of forest resources in order to achieve active value creation and ensure biological diversity, respect for nature, outdoor life and the cultural values of the forest.

## **G3 Gausdal Treindustrier**

will work purposefully to comply with legislation, as well as the requirements and expectations of its customers, business partners and society.

## **G3 Gausdal Treindustrier**

will work actively to influence its suppliers to engage in sustainable forest management.

## **G3 Gausdal Treindustrier's**

production shall have a minimal impact on the external environment.

## **G3 Gausdal Treindustrier**

will make 100% usage of all logs.

## **G3 Gausdal Treindustrier**

will work actively to promote sustainable transport into its production facilities and from these to its customers.

## G3 Gausdal Treindustrier

will promote sustainable forestry by using a minimum of 95% FSC and PEFC certified timber in its own production activities.

## G3 Gausdal Treindustrier

will work purposefully to comply with the requirements of the ISO 14001 environmental management standard.

## G3 Gausdal Treindustrier

will work purposefully to comply with the 7 core areas of the ISO 26000 standard on sustainability and social responsibility, including:

- ✓ Local community involvement and development
- ✓ Human rights
- ✓ Consumer questions
- ✓ Working conditions
- ✓ Honest business
- ✓ The environment
- ✓ Organizational management

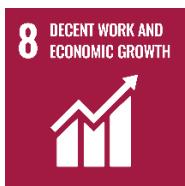

**because we care about the forest and the environment.**
